

Internship in Global Creative Industries

Apart from the internships offered by the Programme, students can also search for internships by themselves. If you can find an internship which is related to the programme, local or overseas are both accepted, you may forward the information to us. If the internship is accepted, you may then forward the appointment letter to us for record. The appointment letter should be printed on the company's letterhead and include the followings:

- 1) the company's name and address;
- 2) the period of the internship;
- 3) working hours or total working hours (please note that the total working hours should be at least 120 hours);
- 4) duties of the internship;
- 5) signature of the employer.

After completion of the internship, you are required to submit a written report and we'll need an evaluation form from your employer. We'll send you the details after you send the appointment letter to us.
